Vascular Ultrasound
Biggest changes over time

[Full article here](#)

 A photograph of a medical ultrasound machine. The screen displays a vascular scan with a color Doppler overlay. A person's hand is visible near the controls of the machine.

The three biggest changes in vascular ultrasound over its lifetime

By Crispian Oates

Newsletter Case Study Archive
Carotid Artery Imaging

[Review articles here](#)

 A collage of several newsletter articles. One prominent article is titled 'SVT Welcomes New Professional Title "Clinical Vascular Scientist"'. Other articles mention 'President's Report' and 'SVT 37th Annual Scientific Meeting'.

A short series of carotid case studies from the newsletter archives

CHARITY UPDATE

5 Vascular Scientists at Addenbrookes hospital ran the Cambridge Half Marathon and successfully raised £1900 for the charity Annabelle's Challenge.

UPCOMING EVENTS 2022

Dear SVT member,

The Vascular Society Priority Setting Partnership in association with the James Lind Alliance has established the most important areas for Vascular Research and we want to share **progress, plans for next steps and discuss opportunities for supporting projects that address these important priorities.** As a reminder you can view the full report of the **Vascular PSP** here: [The Vascular Priority Setting Partnership: Setting the Agenda for UK Vascular Research November 2021.](#)

We have a fantastic agenda (see attached) but spaces are limited, for more information and to register your place, book [here](#).

THE SOCIETY FOR VASCULAR TECHNOLOGY OF GREAT BRITAIN AND IRELAND

As Newsletter Editor I am continually looking for original contributions. Please email any case studies, reviews, your experiences or any comments you think would be of interest to members of the society to newsletter@svtgbi.org.uk.

CPD points are available for published articles and a £25 prize offered for the best submission each season.

The next newsletter will be the Autumn 2022 issue, the closing date for receiving articles will be September 26th 2022.

Daniela Bond-Collins
Newsletter Editor
